

Concrete Best Management Practices For Construction Site Stormwater Management

Learn over Lunch

In partnership with:

WHO SHOULD ATTEND? Anyone who works with concrete: if you order it for a job site, mix it, pour it, clean it, smooth it, cut it, fix it, decorate it or wash it – this lunch & learn is for you!

- DATE:** Wednesday, November 30, 2016
- PLACE:** Public Works Facility, 805 University Avenue, Waukee
- TIME:** 11:30AM – 1:00 PM, vendor showcase / lunch served 11:30 – 12:00; program begins at 12:00
- REGISTRATION FEE:** \$15, includes lunch

WHAT TO EXPECT? A clear understanding of regulatory expectations, as it relates to construction site concrete management, from Des Moines area communities and the Iowa Department of Natural Resources.

We are covering it all - from streets being poured in a new development to pouring an individual driveway or single sidewalk pad or doing decorative work on a backyard patio. See the latest pollution prevention best management practices for concrete work.

Get your questions answered as it relates to concrete management and regulations by the Iowa Department of Natural Resources and Des Moines Metro Area Cities: Altoona, Ankeny, Bondurant, Clive, Des Moines, Grimes, Johnston, Pleasant Hill, Urbandale, Waukee, Windsor Heights.
