Please forward this request to Todd Allen, Utility Dept.

Do you have an anniversary, baby reveal, birthday or some other special event coming up? Have you drawn a blank on what to do for that special day?

Well, the City of Altoona might just have a way to help.

The City of Altoona has colored lights on the west water tower on Adventureland Dr. near Bass Pro Shop and the new Outlets of Des Moines. The lights can be programmed for any event.

How about choosing your spouses' or child's favorite colors and have them light up the night? How cool would it be to have your baby reveal in lights to show your family and friends? Your doctor can send the information to us so you will be just as surprised as your loved ones.

For a fee of \$50 / hour, you can choose the time and colors you want to have displayed. You can even see a preview of the light show on a City computer prior to your event.

Contact Todd Allen @ 515-967-4464 for more information.

Contact City Hall @ 515-967-5136 to schedule your event.
